Education

Jagannath University,Jaipur	2021 - 2025
B.Tech - Computer Science and Engineering - **CGPA** - **8.0**	
DAV School	2020
Higher Secondary Education - **Percentage** - **85%**	

EXPERIENCE

Regex software   July 2024 - feb 2025

- **Debugged, tested, and resolved issues** for improved user experience and performance.
- Designed and optimized **RESTful APIs**, streamlining client-server communication for enhanced efficiency.
- Engineered **scalable, high-performance web applications** using **modern front-end and back-end technologies,** ensuring seamless functionality and UX.

Projects

Taskbar Management Website -   *Code* ↗

- Developing a taskbar management website inspired by Trello using HTML, CSS, JavaScript, ReactJS, and a backend built with Node.js and Express.
- Implementing features similar to Trello, including task creation, task assignment, customizable boards, lists, drag-and-drop functionality for task management, and due date reminders.
- Building user authentication with JWT, allowing users to create, update, and delete tasks, and organize them into boards and lists.

Chat App -   *Code* ↗

- Developed a full-stack chat application with real-time messaging using Socket.IO for instant communication.
- Implemented file/image upload and download support with automatic grouping of messages by date.
- Utilized Zustand for lightweight global state management, enabling efficient handling of user sessions, message queues, and socket events.

E-Commerce Website -   *Live* ↗

- Developed a fully responsive e-commerce website frontend using HTML, CSS, JavaScript and ReactJS ensuring compatibility across multiple devices and browsers.
- Implemented product catalog, cart management, and user authentication for seamless shopping experiences.
- Optimized application performance, ensuring fast load times and cross-browser compatibility.

SKILLS

Frameworks and Libraries: React.js, Node.js, Express.js ,Redux, Tailwind CSS, Zustand, Socket.IO

Languages and Databases: C, C++, JavaScript(ES6+), HTML5, CSS3, MongoDB .

Other Tools and Platforms : Git, Github , Postman ,VS Code, SEO

Development Skills : Responsive Design, Cross-Browser Compatibility, Debugging, Testing, RESTful APIs , JWT .

Soft Skills: Effective Communication, Critical Thinking, Problem solving, Collaborative Teamwork.

CODING PLATFORMS

- Solved 100+ Problems on LeetCode. ↗
